Community Snapshot

Low Income Trends in York Region – 2000 to 2011: Information from Statistics Canada Small Area and Administrative Data August 2014

Tim Frakes is a Senior Policy Analyst and Valentyn Kliuchnyk is a Data Analysis Coordinator at The Regional Municipality of York. Both work in the Community and Health Services department with responsibilities in social policy and community data analysis.

Organization

The Regional Municipality of York

Community data used

- **Taxfiler Family Data Table 18: After-tax low income, 2011**
- Additional historical data acquired by York Region

Summary

The document highlights low income trends in York Region using tax filer data in support of Regional and community service planning and strategic policy. The document also provides a short “primer” on tax filer data and how it is a useful replacement to the Census/National Household Survey in providing more timely and consistent trend analysis.
