

DATA PURCHASE AND ACCESS WORKING GROUP

June 24, 2018 meeting

2:30pm Eastern time

Adobe Connect: <https://cdp.adobeconnect.com/theboardroom/>

Teleconference: 1-866-398-2885

Code: 908904

Attendance

Chenlu Shao, Nova Scotia

Cheryl Hitchen, KFLA

DJ Grewal, Northern Ontario

Femi Adegeye, Regina

Heath Priston, Toronto

Ken Clarke, Perth-Huron

Louisa Wong, Hamilton

Olga Belanovskaya, Simcoe

Ted Hildebrandt, Halton

Sian Jones, Calgary

Agenda

- Update on acquisitions
- Custom geographies update
- T1FF order update
- Census order update – review rating file
- Next meeting

Recent acquisitions

Standard Geographies

- Target Group Profile for population living below LICO-AT threshold
- Target Group Profile for population living below LICO-BT threshold
- Target Group Profile for population living below MBM threshold
- Target Group Profile by Immigrant and Citizenship status
- Target Group Profile by Highest Level of Education
- Target Group Profile by School Attendance
- Target Group Profile (household) for households in housing requiring major repairs – **ERRORS!**

- North American Industry Classification System (NAICS) 2012 (427A), Class of Worker (5A), Labour Force Status (3), Age (13A) and Sex (3) for the Labour Force Aged 15 Years and Over in Private Households, Census, 2016 [smaller Age and NAICS dimensions for DA level data]
- 2016 T1FF Family Table 19
- 2016 T1FF Family Table 20
- 2016 T1FF Individuals Table 13

Custom Geographies for Batch 1

- Target Group Profile for immigrant population
- Target Group Profile for recent immigrant population
- Target Group Profile for population living below LIM-AT threshold
- Target Group Profile for population aged 65 and over

ERROR-CHECKING

CDP team will increase efforts to catch errors and minimize our processing errors.

Asking WG members to check files.

Custom Geographies

Table production for Batch 2 geographies (the rest?) will hopefully be able to start after the third group of TGPs are delivered for Batch 1 geographies (~August 10).

Two things to consider when estimating delivery dates:

1. Based on previous turnaround times, production starting around August 10 could put the first batch of tables for Round 2 custom geographies arriving as early as late-September and the rest of the tables arriving before the end of October.
2. There is a high level of uncertainty associated with some of the geocoding estimates here, which has previously translated into delays on the order of months.

Geocoding status

Completed

- Halton – Loaded to production system July 9th
- Red Deer – Signed off on population report – will be loaded to production system

Very close to being completed

- Peel – Changes submitted have been made and 2nd population report sent
- Waterloo – reviewed questions and sent answers to Waterloo.
- Regina – They identified 2 areas for changes. Revised population report sent.

Hope to complete by week of July 20th

- Ottawa – list of changes submitted to make to multiple geographies. Edits in progress.
- York - Population report being prepared to be sent this week.
- Calgary – Population report sent July 11th.
- Nova Scotia – Issues with 1 layer. Population report to be sent shortly after issue resolved.

Late July/Early August

- Winnipeg - in progress, some individual layers are complete. Will send population report as soon as complete.
- Vancouver - in progress, some individual layers are complete. Will send population report as soon as complete.
- Saint John - in progress, some individual layers are complete. Will send population report as soon as complete.

ACTION: ENGAGE COMMUNITIES HAVING ISSUES WITH THEIR CUSTOM GEOS TO ASSESS IF PROBLEM IS WIDESPREAD/SYSTEMIC

T1FF order update

We have received the low-income tables (free!):

- T1FF Family Table 19
- T1FF Family Table 20
- T1FF Individuals Table 13

Standard tables should follow soon. Custom order has been submitted. Some clarification was needed.

Custom order:

Cost estimate #1: same geography as 2014 data order; all standard taxfiler geographies for Family Table 1 and Table 6, Can/prov/terr/CD/CSD for other tables (F-19, F20 & I-13)

Cost estimate #2: all standard taxfiler geographies and all CSDs in Canada

Years: 2015 and 2016

Family Table 1

- Addition of number and median income for couple families with children aged 0-17

Family Table 6

- Separate guaranteed income supplement from Old Age Security

Table F-19 Census families by family type and family composition including before and after-tax median income of the family

- Addition of number of and median income for couple families with children aged 0-17

Table F-20 After-tax low income status of census families (census family low income measures, CFLIM-AT) by family type and family composition, adjusted methodology

- Add Families with children aged 0-17
- Couple Families with 0, 1, 2, 3+ children aged 0-17
- Lone parent families with 0, 1, 2, 3+ children aged 0-17, etc.
- Separate male and female lone-parent families

Table I-13 After-tax low income status of tax filers and dependents (census family low income measure, CFLIM-AT) for couple and lone parent families by family composition

- Add age groups -6, 0-12, 0-17, 55+, 75+

Heath (Toronto): 2016 new Canada Child Benefit program. Will be interested to see how this program (CCTB – listed in F-06) might affect low-income counts. Moreover, how will this program affect Table F-06? Will there be a change marked in the table, as there may be income from CCTB and the new program?

Check delays on T1FF standard/custom order. If serious, prioritize F-06.

ACTION: Put question to STC about how this program will affect F-06

Census order

ACTION: revised specifications for collective dwellings table

ACTION: NEET table specifications – produce and distribute – get to STC

ACTION: PUMF Subscription Service – continue with this inquiry

Next meeting

Week of August 27th for next meeting. Will send out Doodle.
