## Community Snapshot

Region of Peel 20-Year Outcomes Progress Dashboard

## Summary

The [Region of Peel 20-Year Outcomes Progress Dashboard](#) measures and displays Peel's progress towards important long-term outcomes. Progress is measured through over 30 different indicators, falling under three different areas of focus. The first area of focus is "Living", which features indicators relating to quality of life. Next is "Thriving" which looks at community-related factors. And finally "Leading" focuses on the governance and economy of the Region of Peel. For each indicator, the Progress Dashboard shows whether or not it is trending in the desired direction.

Indicators	Progress
Housing Affordability	
Employment Participation Rates	
Charitable Donors in Peel	
Household Food Insecurity	
Diabetes Prevalence	
Early Childhood Development Status	
Client Service Outcome Achievement	
Prevalence of Low Income	
Self-rated General Health	
Client Satisfaction with Service Delivery Channel Experience
